Bienville's Dilemma: A Historical Geography of New Orleans ...

fabulously conceived and quite brilliantly written (for a geographer, hahaha), Bienville's Dilemma is astounding in both its scope, (covering physical, cultural, social, and political geographies/urban spaces of New Orleans)and its particularities. It's a scholarly work with populist roots.

Bienville's Dilemma: A Historical Geography of New Orleans ...

Campenella is the foremost authority on the history and geography of New Orleans. While I've read some great histories of the city, no one gets to his level of detail regarding geography, demographics, architecture, and history; and all of this in a easy-to-understand manner.

Bienville's Dilemma

Bienville's Dilemma. A new book on New Orleans traces the historical geography from the early 16th century to the aftermath of Hurricane Katrina.

Bienville's dilemma : a historical geography of New Orleans

"Bienville's Dilemma presents sixty-eight articles on the historical geography of New Orleans, covering the formation and foundation of the city, its urbanization and population, its "humanization" into a place of distinction, the manipulation of its environment, its devastation by Hurricane Katrina, and its ongoing recovery"--Back cover.
